BISHOP'S GATE
AT SOMERSET

Towne Properties was created in June, 1961, with the express purpose of leading the renaissance of Mt. Adams. An old world hilltop village, Mt. Adams at that time, like many other inner city neighborhoods, was in a state of decline. Yet it offered a wonderful sense of place with views of downtown Cincinnati and the Ohio River and was buffered from adjacent communities by Eden Park and steep hillsides. Towne began its work by totally renovating five 100-year-old structures on St. Gregory Street into 14 exciting apartments with river views, handsome elevations, private gardens, wood-burning fireplaces and cathedral ceilings. Soon Mt. Adams was attracting local and national attention. Towne's work expanded to new buildings and new village businesses. Mt. Adams has since become one of Cincinnati's most desirable addresses.

From its Mt. Adams beginnings, Towne took its master builder philosophy to the suburbs. There it created some of the region's best developments: luxurious apartment communities like *Indian Creek* and *The Falls at Landen*; major planned communities like *Wildwood* and *Landen*; new single family neighborhoods like *Tanager Woods* in Montgomery and *Carpenter's Run* in Blue Ash; upscale retail at *Fountain Place*, the *Backstage* and the *Kenwood Towne Centre*; offices at *Governor's Hill* and *Mt. Adams*; and recreational facilities at the *Four Seasons Marina*, *Harper's Point Racquet Club* and *Wildwood Golf Course*.

It is with great pride that Towne now adds *Bishop's Gate at Somerset* in Sycamore Township to this collection. Somerset is a village of spacious, well-designed and handsome homes, landminiums and luxury apartment homes. Many apartment homes feature *lake views*, *gas fireplaces* and *garages*—some direct access. A superb amenity package including *sparkling pool with expansive deck*, *tennis court*, *jogging trail* and *luxurious clubhouse with Pub, library and conference rooms, tanning bed, state-of-the-art fitness center and concierge* add to the sheer enjoyment of life at Somerset.

Towne Properties' unrivaled track record and commitment to long term ownership and management has earned it the title of the region's **Most Honored Developer**. It is your assurance that your new *Towne Properties* home at *Bishop's Gate at Somerset* will indeed be a "Great Place to Live and Play®".
